

Extraordinary images. Specialized systems. Innovative solutions.

With a broad and specialized ultrasound portfolio with an established pipeline of innovation, we're committed to providing you with ultrasound solutions to help improve clinical outcomes and increase efficiency.

Service

A wide range of service solutions, from full service maintenance to in-house services. Also, 60% of ultrasound systems can be repaired remotely, often in less than 20 minutes.¹

Digital

Up to 85% time savings at various stages of exams thanks to AI and digital tools.²

Financing

30+ customized and flexible financial solutions for acquiring essential equipment when you need it while managing your capital more efficiently.

HealthCheck

Is your ultrasound procurement strategy right for your enterprise? A clear procurement strategy prepares an enterprise for sustainable cost control, without sacrificing clinical performance.

Education

Customizable clinical applications training and 400+ accredited continuing education programs (on-site, remote, and online).

Apps support

Ongoing training and support, including learning and credentialing, from 1,200 clinical applications specialists.

Cyber

SonoDefense 6-layer cybersecurity strategy keeps systems safe and functional in the face of cyberthreats while supporting productive daily workflows.

Lifecycle management

Gain valuable insights to improve operational performance and asset utilization while keeping your ultrasound ecosystem up to date with Continuity Agreements that can provide 30-50% investment savings.³

Care areas

Ultrasound designed with you, your specialty, and your patients in mind.

- Anesthesia
- Cardiology
- Emergency department/intensive care unit
- Interventional
- Maternal Fetal Medicine
- Obstetrics/Gynecology
- Out of hospital
- Orthopedics
- Pediatrics
- Radiology
- Urology
- Vascular

GE HealthCare

1. GE HealthCare internal data. U.S. tech support and applications experience as of Dec. 2017.

2. The Role of AI in Streamlining Echocardiography Quantification White Paper, Kristin McLeod (Vivid E95 with Auto Measure 2D-JB80498X).

3. These figures are derived from an average; from potential examples of how having a Continuity Agreement could impact ownership of certain GE HealthCare equipment. Nothing in this document is a guarantee of future releases or pricing for this product or any other GE HealthCare products.
