Patient Monitors & Central Stations

Product	Name of Session	Pre-req	Duration	Level	Course Description
Carescape Monitors (Bx50)	CARESCAPE Monitors B450, B650, B850 (Part 1 of 2)	n/a	60 min	Clinical End User	An introduction to the features and operation of the Carescape Bx50 Patient Monitors.
Carescape Monitors (Bx50)	CARESCAPE Monitors B450, B650, B850 (Part 2 of 2)	CARESCAPE Monitors B450, B650, B850 Part 1	60 min	Clinical End User	An introduction to the features and operation of the Carescape Bx50 Patient Monitors.
Carescape Monitors (Bx50) Introduction to Biomed	Clinical Overview of Carescape Monitors B450, B650, B850 Bedside Monitors: Introduction to BioMed	n/a	60 min	Biomed Engineer	This course is designed to give the Biomedical Engineer a clinical end user perspective of the monitor.
B40 Monitor	Clinical Overview of B40 Monitor	n/a	60 min	Clinical End User	An introduction to the features and operation of the B40 monitor.
B105 Patient Monitor	Clinical Overview of Value Monitor B105	n/a	60 min	Clinical End User	An introduction to the features and operation of the B105 Patient Monitors.
B125 Patient Monitor	Clinical Overview of Value Monitor B125	n/a	60 min	Clinical End User	An introduction to the features and operation of the B125 Patient Monitors.
VC150 Vital Signs Monitor	Clinical Overview of Vital Signs Monitor VC150	n/a	60 min	Clinical End User	An introduction to the features and operation of the VC150 Patient Monitors.

	Product	Name of Session	Pre-req	Duration	Level	Course Description
Patient Monitors & Central Stations	Carescape Central Station	Carescape Central Station - Version 2.0 or 2.1	n/a	60 min	Clinical End User	An introduction to the features and operation of the Carescape Central Station version 2.0 or 2.1.
	Carescape Central Station Introduction to Biomed	Clinical Overview of the Carescape Central Station: Introduction for BioMed	n/a	60 min	Biomed Engineer	This course is designed to give the Biomedical Engineer a clinical end user perspective of the Carescape Central Station.
	Dash 3000/4000/5000	Dash Patient Monitors (Part 1 of 2)	n/a	60 min	Clinical End User	An introduction to the features and operation of the Dash Series Patient Monitor
	Dash 3000/4000/5000	Dash Patient Monitors (Part 2 of 2)	n/a	60 min	Clinical End User	An introduction to the features and operation of the Dash Series Patient Monitor
	E-MiniC/E-SCO	Single -Width Airway Module - E-mini C or E-SCO	n/a	30 min	Clinical End User	An introduction to the features and operation of the E-mini C or E-SCO Gas Module.
Modules	E-BIS	BIS Monitoring	n/a	30 min	Clinical End User	An introduction to the features and operation of the E-BIS module.
	E-EEG	EEG Monitoring	n/a	30 min	Clinical End User	An introduction to the features and operation of the E-EEG module.

	Product	Name of Session	Pre-req	Duration	Level	Course Description
Modules	E-NMT	NMT Monitoring	n/a	30 min	Clinical End User	An introduction to the features and operation of the E-NMT module.
	E-COP/ Cardiac Output	Cardiac Output Monitoring	n/a	30 min	Clinical End User	An introduction to the features and operation of the E-COP module/Cardiac Output licensing.
	PDM	CARESCAPE Patient Data Module	n/a	30 min	Clinical End User	An introduction to the features, operation, and function of Patient Data Module.
Advanced Training & Algorithms	EK-Pro Arrhythmia Algorithms	EK-Pro Arrhythmia Algorithms	n/a	60 min	Advanced User	Advanced knowledge of the EK-Pro Arrhythmia detection software.
Ask an Expert	Ask an Expert	Ask an Expert	n/a	60 min	Clinical End User	This course is designed to be highly interactive to provide the user with customized information about the requested topic.
